

Evidence evolution: each control answers an earlier failure

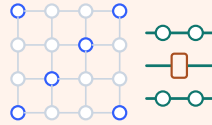

C1.0--C1.1 are development evidence; only C1.2 carries frozen held-out results.

C1.0 Classical ceiling

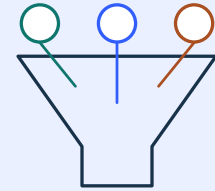

Strong search removed
useful headroom.
Add credible alternatives.

C1.1 Attractive proxy

Concentration appeared;
feasibility + ambiguity
were not established.

C1.2 Frozen audit

32 held out; 30/32 strict
9/32 retrospective gate
704 exact shared fields

Evidence ceiling: conditional noiseless statevector evidence on retained cores

No QPU, wall-clock, scale, application, security, fairness, or welfare claim
